

Received 8-22-2010

The University of Massachusetts Medical School, Dept of Family Medicine and Community Health is expanding its **post-doctoral fellowship** in Clinical Health Psychology in Primary Care!

We are currently accepting applications for **two new positions** in our recently APA accredited post-doctoral fellowship. The positions are open for immediate hire and will remain open until filled by excellent candidates. Additional details on the program, eligibility requirements, and applications instructions can be found at the following website:

<http://www.umassmed.edu/Content.aspx?id=93428>

Please contact Dr. Runyan with any questions:
