**The following schools have APA-accredited clinical psychology programs whose students are eligible to obtain a CAPIC internship through the CAPIC internship match process.**

Currently, these students may participate in the CAPIC match, starting with the CAPIC Clearinghouse phase.

Both students and their Directors of Clinical Training (DCT's) must complete an attestation to their understanding of CAPIC internships.

These attestations, as well as additional info on the CAPIC match process, are found on the CAPIC website, under the page for [Out-of-State Doctoral Academic Programs](#).
